Benefits

- **Totally Hygienic:** Proklean GreaseKlear suppresses pathogens and other harmful bacteria resulting in a hygienic kitchen.
- **Effective Cleaning:** It cleans by breaking down stubborn fat particles and thus makes the surface grease-free for a longer time
- **Improves efficiency** of cleaning by breaking down grime, grease and dirt thereby preventing redeposition
- **Descals** metal areas
- **Natural and chemical free** - better for the environment

Tech Specs

Physical Form	Liquid
Colour	Light Ivory to Dark Ivory*
Odour	Sweet, Fermented
Operating Range	2.50 - 14.00 pH, 1°C to 140°C
Effective Substance	A consortium of biochemicals derived from Probiotics
Stability To Electrolytes	Stable to electrolytes used in textile operations
pH	2.7 < V < 3.5
Biodegradable	Readily Biodegradable
Storage	Store at room temperature; do not freeze
Safety Precautions	Non-hazardous, does not require any protective equipment for handling

Note: The data above is based on our current knowledge, experience and tests conducted. Processors are however requested to carry out their own tests.
*Minor variation in color could occur due to organic nature of the raw material used.

Application

For surfaces with heavy grease and grime: Spray GreaseKlear undiluted and wait for a few minutes. Then clean with a wipe, sponge or scouring pad.

For regular cleaning: Dilute 6 capfuls in 250 ml of water (1 part in 5 parts of water) and spray on the surface to be degreased. Wait for a few minutes and clean with a wipe, sponge or scouring pad.
